Topology publishes papers in all parts of mathematics, but with special emphasis on subjects which are related to topology or geometry.

Manuscripts (two copies) should be sent to one of the Editors for consideration.

Authors are asked to make clear the address to which correspondence and proofs for correction should be sent. One hundred free reprints of each paper will be provided. Additional reprints may be obtained at reasonable cost, provided that they are ordered when the proofs are returned and using the reprint order form which will accompany the proofs.
